SOUTHEAST ALASKA COMMERCIAL GEODUCK FISHERY ANNOUNCEMENT

There will be no geoduck fishery for the week of February 15 through February 21, 2026.

On Monday, February 16, the Southeast Regional Dive Fisheries Association voted to not test geoduck paralytic shellfish poison samples collected due to cold weather. Therefore, no areas will be available for a live geoduck fishery this week. Information regarding the next possible live geoduck fishery, on February 25, 2026, will be announced before that date.
