ADJOURN

AGENDA NOTES:

- 1) This agenda is TENTATIVE and subject to change during the meeting. Schedule updates will be posted at the meeting. An audio of the meeting should be available at the Board of Fisheries webpage (<http://www.adfg.alaska.gov/index.cfm?adfg=fisheriesboard.main>) during periods when the board is on the record.
- 2) Testimony is expected to be limited to three (3) minutes for individuals and groups and ten (10) minutes for advisory committee representative and regional advisory council representatives. These times may be changed by the chair in order to manage the volume of the workload. Advisory committee and regional advisory council representatives may present reports either at the beginning or end of public testimony. The representative should notify the board secretary whether he or she prefers the beginning or end of public testimony.
- 3) **BOARD COMMITTEES AND PUBLIC PANELS:** For this meeting, the board has established a number of committees to serve as Committees of the Whole to provide additional review of proposals. Board committees are comprised of board members, with AC and public advisors to provide information to the board that was not already received in written or oral comments. AC representatives and the public can fully participate in the board's committee discussions. The purpose of the committee process is to: 1) broaden public participation in the regulatory process; 2) provide another forum for stakeholders to discuss resolution or possible compromise on contentious issues; and 3) provide additional detailed information relative to proposals.
