

Proposal 186

UCIDA opposes for the following reasons:

1. No conservation concern
2. No error in regulation
3. No unforeseen circumstances created
4. Highly allocative – in violation of ACR criteria
5. No maps were provided with ACR 5 or Proposal 186, cannot determine which area of UCI is to be affected
6. Potential conflict of interest concerning board members
7. Full UCI meeting scheduled for March 2027
8. ACR 5 and Proposal 186 have stated errors and have misstated the truth
9. New EEZ Fishery was created, the EEZ management effects of have not been considered by the Board of Fish
10. Placed an undue financial burden on ADF&G, board support, stakeholders and the public
11. Recommend the board take NO ACTION on Proposal 186
