

PROPOSAL 115

5 AAC 92.220. Salvage of game meat, furs, and hides.

Require meat to be left on the bone for caribou, moose and bison in Units 19, 21A, and 21E as follows:

The McGrath area advisory committees would like to propose making meat on the bone required for all of Units 19, 21A and 21E. This would include caribou, moose, and bison, and meat would be required to be left on the front quarters, hindquarters and ribs.

What is the issue you would like the board to address and why? Meat on the bone requirements vary throughout the McGrath management area and we would like to make them consistent. This will help reduce confusion and help users know what is expected of them. Meat on the bone requirements will also help with meat care in the area.

PROPOSED BY: McGrath Fish & Game Advisory Committee,
Stony Holitna Fish & Game Advisory Committee,
Central Kuskokwim Fish & Game Advisory Committee, and
GASH (Grayling, Anvik, Shageluk & Holy Cross) Fish & Game Advisory
Committee
