

I hope that You receive this as a viable file for the record.

I oppose the use of lethal methods of "managing" Animals.

Government agencies should NOT use lethal methods for ANY reason other than self defense.

The Majority of People want Wildlife and their habitats PROTECTED, PRESERVED and CONSERVED-NOT slaughtered!!

WHY do You have degrees? when YOU use savage, barbaric acts of violence as "solutions"???

I RESENT MY tax money going to fund killing Animals-it goes against My morals, My values and My beliefs as a Christian.

Wolves, Bears, Mountain Lions are vital for healthy, balanced ecosystems. Wolves prey on the sick & elderly in herds and help keep these herds healthy and vibrant. Bears have very low, slow maternity rates and so they do NOT recover when populations are reduced by lethal methods. Your actions threaten ALL of Us with more ecosystem collapse, more extinction-We are now experiencing the 6th highest extinction rate ever recorded in Human history.

Predators are vital and their low populations due to killing, climate change, habitat loss, pollution have brought about major, serious virus's. It is also now very likely that Chronic wasting disease-which has now spread to hundreds of herds of Elk, Deer, Moose in 30 States-is spreading because of the Unnaturally low population of these vital predators!

It is also very clear that populations of elk, Deer, Moose are not in decline due to predators-there are MANY threats as mentioned already.

Experts also warn that CWD could very likely infect any Human who consumes the flesh of these Animals.

73% of zoonotic diseases come from Animals and close contact with Wild Animals increases these risks-Covid and now Avian flu have been found in thousands of Animals both marine and land-

YOU increase ALL these threats with Your barbaric, savage, draconian violence against GOD's Creatures!!!

It is TIME to STOP KILLING ANIMALS!!!

I RESENT MY TAX MONEY GOING TO GUN DOWN ANIMALS IN THEIR HOMES FROM PLANES, POISONING THEM, THE USE OF SNARES, TRAPS, ETC-THIS IS IMMORAL, VILE AND REPUGNANT!!!!!!

YOU SIN AGAINST GOD AND YOUR ACTIONS VIOLATE YOUR OATH TO PROTECT, PRESERVE, CONSERVE WILDLIFE AND THEIR HOMES!!!!!! STOP KILLING ANIMALS-YOU THREATEN US ALL!!!!!!
